Subject: FW: draft letter to SPD re: water quality

Liz – This was a really great start, and of course I've done my usual hatchet job (sorry). Please take a look at the attached, still rough, and let me know what you think. I used my experience of the meeting content, and dialed back the tech a bit as an RA letter (it still may be too techie). Hopefully we can still get this in front of Alexis Wed COB.

Subject: draft letter to SPD re: water quality

Hi Jason,

Here is the draft letter to SPD regarding water quality impacts. For your consideration, I included bullets which you may wish to minimize. I also included footnotes, primarily for your reference.
